

Morning Arrival by car

Students may be dropped off at 7:15am, if they are having breakfast. Other students may be dropped off beginning at 7:30am. This year students will come into the building instead of lining up outside.

Morning "drop off" occurs in the church parking lot and children walk across the street under the direction of the Crossing Guard. Children should walk down the church parking lot exit and walk over to the Crossing Guard. **Please enter and exit by way of Fitzwatertown Road.**

Due to COVID 19, parents may not enter the building. Children must have their mask on entering and they will sanitize their hands when they enter.

Only buses may drop off on North Hills Ave.

All cars must enter the church parking lot.

INCLEMENT WEATHER ARRIVAL

In an effort to ensure the safety of our children, we are asking parents to help us by following these directions listed below:

1. In the event of "heavy or steady" rain/snow, children will be dropped off at the school building.
2. All cars will enter into the school parking lot by the driveway near the convent.
3. Children will be dropped off at the main or library doors.
4. A staff member will be in the center of the parking lot directing traffic.
5. Buses will enter the school lot and drop students off at the "Primary" doors.
6. All children must exit the car on the right - (school side).
7. No passing of cars is permitted in the parking lot.
8. All cars exit by the driveway near the Rectory.

Drivers must be aware that some children walk to school. The children always have the right of way. Walkers should walk down North Hills Ave to the crossing Guard.
